CHEMICAL ENGINEERING DEPARTMENT

A Report on Industrial Visit at

Globe Enviro Care Ltd., GIDC Sachin, Surat

Objective of Industrial Visit:

The main objective of the organized industrial visit is to let students understand various significant concepts practically through interaction and analyzing the actual working methods. Moreover, it gives exposure from academic point of view. Major aim of the industrial visit is to provide an exposure to students about theory and practical work interaction as well as actual difference between theoretical diagram of object and actual working model process rather than ideal one.

Details of Industry:

1. Name of Industry:- Globe Enviro Care Ltd.

2. Address: - Plot No:- Plot No PP-1 B/H Kay Tex Mills, Off Road No 2 GIDC Estate Sachin, Surat

3. Date of Visit: - 11/01/2023

4. Year / Semester: - 2nd Year/3rd Sem

5. No. of Students: - 56 6. No. of Faculties: - 2

Class Coordinator: - Prof. Prince J. Parmar, Prof. Akash R. Raval & Prof. Nisha S. Ojha

Descriptions:-

On 14th October 2022, we had an Industrial Visit at GNFC, Bharuch. It was an excellent opportunity to get industrial exposure in such a huge company.

In the morning 8:30 AM, we all gathered at the assembly and waited for the bus. At 8:45 AM, Bus arrived and one by one we all were settling down on the bus. At 9:00 AM, we departed from our college. The distance between our college and GNFC, Bharuch was around 90 km. We have alot of time during travelling. Some were going singing music, some were discussing about GNFC Bharuch and its salient features, rest were talking with each other casually.

At 12:30 PM, we reached the GNFC Bharuch, Firstly we visited the fourth pillar of GNFC which is the NEEM Project. NEEM Project was started to save subsidized fertilizer for farmers to get used by

CHEMICAL ENGINEERING DEPARTMENT

Industries as raw material. For that GNFC created a solution by coating fertilizer with Neem Oil. For that GNFC collect Neem Seeds from different branches and gathered them at the NEEM Project plant.

Firstly Collected Neem Seeds are washed and screened to get the right seeds for expelling. Then expelling and extraction happened in which Neem Oil is extracted around 60-75 % and this Neem Oil is denoted as Grade 1. Grade 1 oil is used in FMCG Products which are Soap, Shampoo, Face wash, etc. After Grade 1 oil is extracted again neem seeds are expelled and extracted to get the remaining 20-30% neem oil and this is denoted as Grade 2 oil. It is used in the coating of fertilizer. The residue of neem seed is sold as a Deoiled Neem Seed by GNFC.

It take us 1:30 hours to get to know about NEEM Project then we lead towards the canteen at 12:30 PM which is offered by GNFC Bharuch. Lunch was good like home. After lunch, we head towards the 2-Methanol plant in GNFC Campus. We reach the location at 1:30 PM and one of the experts of that plant guided us firstly they explained to us the whole process sequence. Then they showed us the DCS-PLC operating area where the whole unit is controlled automatically. Then the expert of that unit showed us the single equipment, utilities and auxiliaries of that unit.

They showed us the Distillation Unit, Reformer unit, Heat Exchangers, Valves, Pumps, etc. After that, they told all of us to ask questions related to the unit. Some of us asked our doubts and get answered well by experts. It gets 3:30 PM and we lead towards the conference hall for the concluding session. There all shared their views on Industrial Visit. We thanked the expert for guiding us and solving our doubts. We thanked the GNFC Bharuch and IIChE Ankleshwar for allowing us for Industrial Visit.

At 4:00 PM, GNFC again arranged Tea - Samosa for all of the students and after that, we had a memorable photo at GNFC Bharuch and leads towards the bus and get returned to college. Every student now has a different view of Industry. The importance of Practical knowledge with Theoretical knowledge increased. Everyone is now focused towards their career. Industrial Visit is very important for every Engineering Student, especially for Chemical Engineering Students. I personally think that in Every Semester there should be at least 2 Industrial visits according to the studies they are studying.

College Faculties & Staff Presence in the Visit:-

1. Prof. Jignesh A. Parmar

2. Prof. Nisha S. Ojha
