The 77th Independence Day of India was celebrated with gaiety and patriotic fervor at our college S. N. Patel Institute of Technology and Research Centre, The foggy morning of 15th August, 2023. The ceremony took place in the presence of our respected Trustees, Principals, HODs of various departments, Faculties, staff members and students. India is gearing up to celebrate its 77th Independence Day on August 15. In 2023, India will mark 76 years of freedom from British colonial rule - a significant milestone for the country. Independence Day is celebrated with pomp across the nation and Indians around the globe. It is a reminder of the struggles that won us our liberation from the British Raj after nearly two centuries, the sacrifices made by the leaders, the freedom fighters who laid their lives to win Independence, and more. As we near the date, here's all you need to know about this year's theme, history, significance, and celebrations. Led by Mohandas Karamchand

Gandhi, the Independence movement began with World War I. On July 4, 1947, the Indian Independence Bill was introduced in the British House of Commons and was passed within a fortnight. On August 15, 1947, India marked its Independence as the 200-year-old British rule came to an end. Many leaders played a prominent role in the Indian freedom struggle, including Mahatma Gandhi, Jawaharlal Nehru, Sardar Vallabhbhai Patel, Bhagat Singh, Chandra Shekhar Azad, Subhas Chandra Bose, and many more.

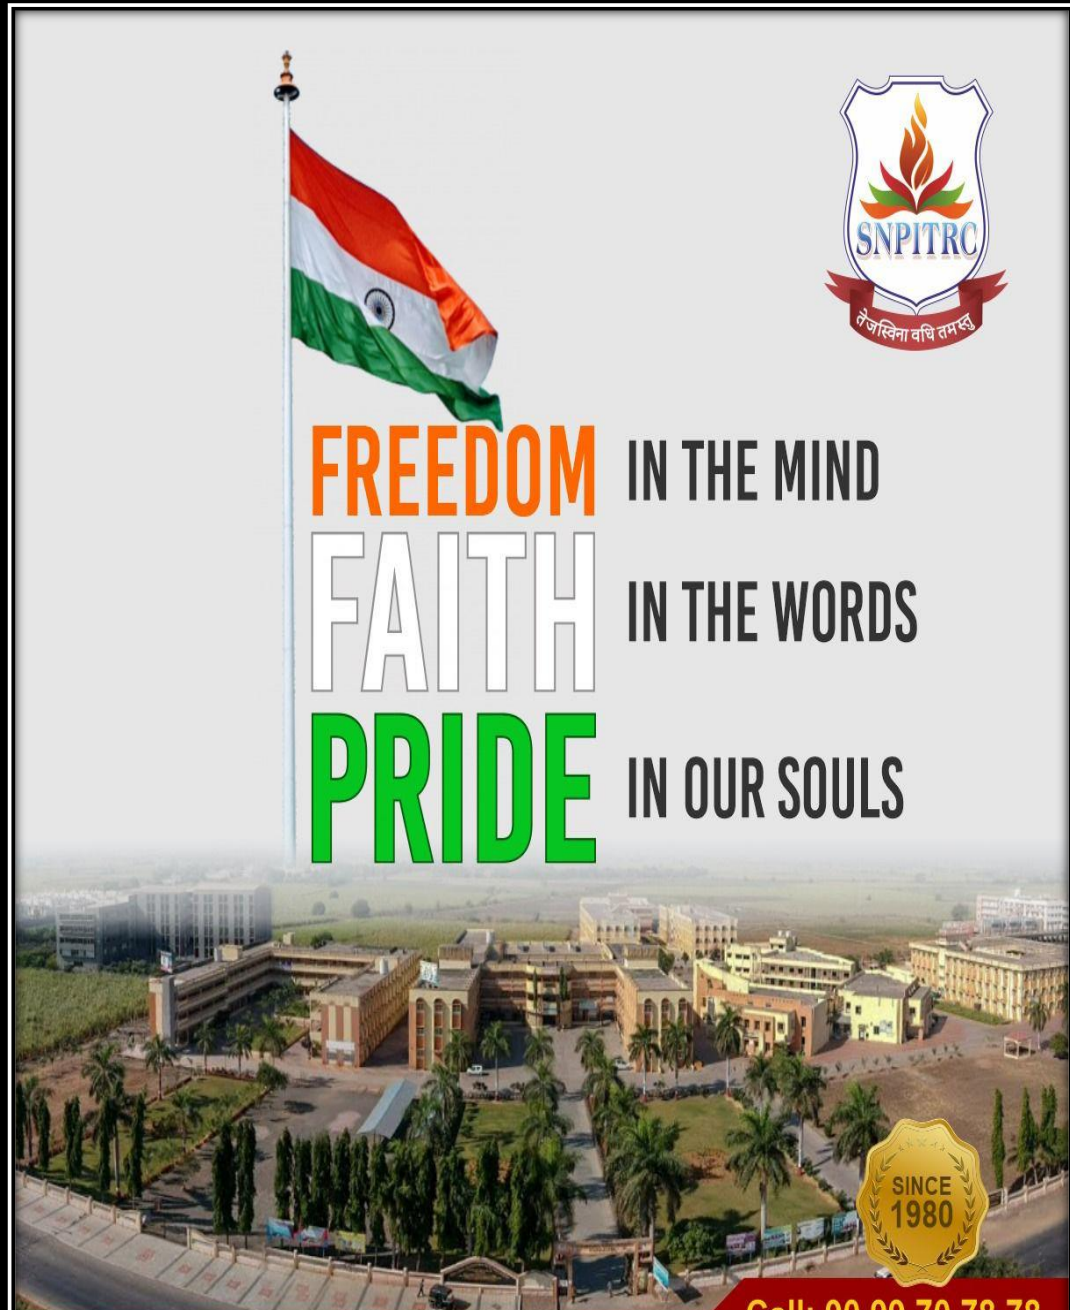

Independence Day is a reminder of the many sacrifices and struggles made by the Indian freedom fighters to help the country achieve its freedom from the British Raj and why we should honour this Independence. The day also invokes feelings of patriotism for the nation and the willingness to serve the country and lead it to prosperity. It also creates a sense of unity and duty among citizens.

The white colour in the middle represents desire for the peace. The dark green color represents the productivity, growth and prosperity of the country. The navy blue wheel with 24 spokes shows the Dharma Chakra about the great king Ashoka of Ancient India.” The entire college campus turned reverberated with the patriotic theme performances presented by the students. The concept of “ Unity in Diversity” was reflected in the dance performance .

Dr. Payal Mahida gave a message that We should think equally about all the states, villages and cities of India so that India can become a prosperous country without any discrimination irrespective of caste, poor, rich, high class, middle class, low class, forest protection etc. Our leaders should dominate in the nation's favor, so that every official can follow all the rules properly. To make this country a corruption
