

A Report on
“SPORTS WEEK-2024”
5th to 8th February 2024

Physical Education is an integral part of the total education system. It helps in the attainment of the ultimate aim of education. Games and Sports play a vital role in the student’s life. A student should study hard to be successful in competitive examinations. But, he should also play games and sports to enjoy the health and vigor of life. Along with bookish learning, a student should spend his time on games and sports also.

Either study or work alone makes us exhaust. We remain no longer efficient to do any work. Sports remove our mental exhaustion. Education without sports is incomplete. As such, colleges organize sports obligatorily once as per the academic program in a calendar year. It is momentum duration of joy and jubilation and an enthusiastically awaited relaxing time interval from toils of boring bookish engrossment and endless tiresome homework at college and at home respectively. So, organizing sports at colleges is as important as that of class activity.

As continue S. N. Patel Institute of technology and research centre has arranged its 16th Sports week which was scheduled on 5th to 8th February-2024. There are various sports events carried out for boys, girls and faculty members. The schedule and details of sports events was as per the following.

SPORTS WEEK CIRCULAR: ANNEXURE I

GIRLS SPORT SCHEDULE: ANNEXURE II
