

S. N. Patel Institute of Technology & Research Centre, Umrahk

(A Vidyabharti Trust Institution)

B.E./Electrical Engineering

Subject Name: High Voltage Analysis

Subject Code: 31709017

| Sr.No. | Equipment Name and Description | Photo |
|--------|--------------------------------------------------------------------------------------------------------------------------------------|---------------------------------------------------------------------------------------|
| 1 | Virtual Laboratory | |
| 2 | Oil test set 230V, 50Hz. 0-60 KV center tap earth, 1 KVA Capacity motorized type complete With induction Neutornics Made |  |
| 3 | High voltage insulation Tester Analay Enterprise Made |  |
| 4 | Horn gap apparatus. High Voltage India made |  |
| 5 | Van de graaff generator SNPITRC Student Project |  |
